Safety Data Sheet

SDS-62, Rev 0 Supersedes: MS-D62, dated 1/5/15

SECTION 1. Identification of the substance / mixture and of the company PRODUCT IDENTIFIER: **Diallyl Ortho Phthalate Molding Compound** Trade Name: D62/6130F, (All Grades and Colors) Chemical Name: Mixture CAS No.: None Assigned Intended Product Use: Thermoset molding of electronic encapsulation Restrictions on use: None known NAME, ADDRESS, AND TELEPHONE OF MANUFACTURER **Cosmic Plastics Inc.** 28410 Industry Drive, Valencia CA 91355 (661) 257-3274 Fax (661) 257-3345 www.cosmicplastics.com Homepage: Email: customerservice@cosmicplastics.com **Emergency Phone Number:** SECTION 2. HAZARDS IDENTIFICATION Classification of the substance or mixture **Possible Irritant GHS-US classification:** Label Elements **GHS-US** labeling Hazard Pictograms (GHS-US) Signal word Warning Hazard statements (GHS-US): Skin Sens. 1: H316 May cause mild skin irritation. Eye Irritation: H320 May cause eye irritation. Respiratory: H335 May cause respiratory irritation EMERGENCY OVERVIEW: This product is a solid, powder compound in various colors with little to no odor. Health Hazard: This

EMERGENCY OVERVIEW: This product is a solid, powder compound in various colors with little to no odor. **Health Hazard:** This product may cause mild irritation to nose, throat, lungs or skin. Possible mild mechanical irritation to eyes. Ingestion may cause irritation of the mouth, throat and gastrointestinal tract. **Flammability Hazards:** This product is not flammable. **Reactivity Hazards:** This material does not react with water. **Environmental Hazards:** This material is not biodegradable. Long-term adverse effects in aquatic environments has not been determined. **Emergency Considerations:** Emergency responders must wear the proper personal protective equipment (and have appropriate fire suppression equipment) suitable for the situation to which they are responding.

SECTION 3. COMPOSITION / INFORMATION ON INGREDIENTS

Product-type:	This product is a mixture.	
Components	CAS Numbers	Percent
Diallyl Phthalate Resin	N.A.	30-40%
Fiberglass	65997-17-3	25-45%
Mineral Fillers	Mixture	20-30%
Flame Retardants	Mixture	< 5%
Pigments	Mixture	< 5%
Catalysts	Mixture	< 5%

These are typical compositions and may vary among products. A certificate of analysis is available upon request.

SECTION 4. FIRST AID MEASURES

General Informa	tion: Change contaminated clothing.
Inhalation:	Remove victim to fresh air. If breathing is difficult, give oxygen. If not breathing, administer artificial respiration. Get medical attention.
Eye Contact:	Flush with running water for at least 15 minutes. Do not scrub. Get medical attention if irritation persists.
Skin Contact:	Wipe excess material from skin and wash with soap and water. Get medical attention if irritation persists. Wash clothing before reuse. Get medical attention if irritation occurs.
Ingestion:	If swallowed, dilute with large amounts of water or milk. DO NOT INDUCE VOMITING. Consult physician if unusual reaction is noted. Never give fluids or induce vomiting if the victim is unconscious or having convulsions.
Indication of any	r immediate medical attention and special treatment needed. Treat symptomatically

Indication of any immediate medical attention and special treatment needed: Treat symptomatically.

SECTION 5. FIREFIGHTING MEASURES

Extinguishing Media: Special Fire Fighting Procedures:	Dry Chemical, Water Spray (Fog), Foam, Carbon Dioxide Some component materials may thermally decompose or burn emitting toxic fumes and smoke including carbon dioxide and carbon monoxide. Fire fighters should wear full protective gear including eye protection and self- contained breathing apparatus (SCBA). Do not release runoff from fire control methods to sewers or waterways.
Flash Point (⁰ F) and Method:	N.A.
Flammable Limits in air (volume %):	Lower (LEL): N/A Upper (UEL): N/A
Autoignition Temperature, ⁰ F:	N.A.
Unusual Fire and Explosion Hazards:	None.

SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures:

	Use with local exhaust to control dust formations
	Ensure adequate ventilation
	Wear personal protective equipment (see section 8) when responding to spills.
Environmental Precautions:	Do not discharge into the drains/surface waters/groundwater.
Spills / Leaks:	Sweep or vacuum spills into appropriate containers for disposal. This material is not
	regulated under RCRA or CERLA ("Superfund")
Regulatory Requirements:	Follow applicable OSHA (29 CFR 1910.120), state or local regulations.

SECTION 7. HANDLING AND STORAGE

Precautions for s	afe handling	Provide appropriate exhaust ventilation at places where dust can be generated. Wear an approved dust respirator and eye protection (goggles, safety glasses). Handle in accordance with good industrial hygiene and safety procedures. Wash hands and other exposed areas with mild soap and water before eating, drinking, or smoking and again when leaving work.
Conditions for sa	f <u>e storage</u>	Store in closed, properly labeled containers in a dry location between 70°F and 89°F. Do not transfer to unmarked containers.
Shelf life:	Use within 12 n	nonths.
Labeling	D.O.T.: No sp	ecial labels are required.

SECTION 8. EXPOSURE CONTROLS/ PERSONAL PROTECTION

	Chemical Names	Exposure Limit	is in Air
		ACGIH TLV TWA	OSHA PEL
	Diallyl Phthalate Resin	N/E	N/E
	Fiberglass	10 mg/ m ³ Total	15 mg/ m ³ Total
	Mineral Fillers	10-15 mg/m ³ Total	6-15 mg/m ³ Total
	Flame Retardants	2 mg/m ³ Total	2 mg/m ³ Total
	Pigments	3.5 mg/m ³ Total	3.5 mg/m ³ Total
	Catalysts	N/E	N/E
xposu	re Controls:		
	Appropriate engineering co		onal/local regulations are observed. General and/or local exhaust control airborne dust levels below exposure limits.
	Biological Exposure Limit:	N/A	
Persona	al Protective Equipment:		
	Respirators:	Recommended that user	s wear NIOSH/MHSA approved disposable respirators designed for
	Eye Protection:	Wear appropriate protect	cordance with the OSHA respirator regulation 29CFR 1910.134. tive glasses or chemical safety goggles as described by OSHA's eye lations 29 DFR 1910.133. Have eyewash facilities readily available.
	Skin Protection:	Wear appropriate protect	tive gloves to prevent skin exposure. Wash with mild soap and water
		after handling.	
	Clothing:	after handling.	
	Clothing: Chronic overexposure effec	after handling. Wear appropriate protec	tive clothing to prevent skin exposure. Wash with hind soup and water nown chronic effects associated with this material.
	•	after handling. Wear appropriate protec ts: There are no k Use good personal hygie	tive clothing to prevent skin exposure. Wash clothing after use. nown chronic effects associated with this material. ne practices. Wash hands before eating, drinking, smoking or using remove soiled clothing and wash thoroughly before reuse. Shower

Information on basic physical and chemical properties Physical Form: Solid (Granules or preforms) Appearance: Granular of various colors Odor: Mild Odor threshold: Not determined Property **Values Remarks** *Method pH-Value: Not determined

Boiling Point: Change in condition Melting point: Boiling point: Specific Gravity @15^oC (59^oF) Decomposition Temperature: Flash Point: Auto-ignition Temperature: Explosive Properties: Water Solubility: Not applicable

Not applicable Not applicable 1.82 (water = 1.00) N/A None No information available N/A Insoluble in water.

SECTION 10. STABILITY AND REACTIVITY

Stability:	Stable under recommended storage conditions.
Reactivity:	Not reactive under normal conditions.
Corrosive properties:	Not corrosive
Reactivity with water:	Not reactive with water.
Conditions to avoid:	Open Fire, and strong oxidizing agents such as chlorates, bromates and nitrates.
Hazardous polymerization:	Will not occur.

SECTION 11. TOXICOLOGICAL INFORMATION

Inhalation:	Nuisance dust. May cause irritation through mechanical irritation.
Eye Contact:	Nuisance dust. May cause irritation through mechanical irritation.
Skin Contact:	Nuisance dust. May cause irritation through mechanical irritation.
Ingestion:	No Data Available
Acute Toxicology:	No Data Available.
Chronic (Long-term) Effects	: No Data Available.
Carcinogenicity:	This product is not considered as carcinogenic by OSHA, IARC, NTP or ACGIH.

SECTION 12. ECOLOGICAL INFORMATION

Toxicity:
Mobility in soil:
Biodegradability:
Other information:

No Data Available No Data Available Not biodegradable Avoid release to the environment

SECTION 13. DISPOSAL CONSIDERATIONS

This product is not considered hazardous as defined by CERCLA/RCRA (40 CFR Part 261). Material is not recyclable. Dispose of in compliance with Federal, State and local regulations.

SECTION 14. TRANSPORT INFORMATION

UN – number:	Not applicable
UN proper shipping name:	Not applicable
Transport hazard class(es):	Not classified as dangerous goods under Department of Transportation regulations:
	(49 CFR 172.101) for road, rail, sea or air transport.
National Motor Freight Class	sification (NMFC): 156200, Class 60
D.O.T. Regulation:	Not regulated.
Export Schedule B Number:	3907.91.4000 Resins Polyester, Unsaturated, Including Allyl Resins

SECTION 15. REGULATORY INFORMATION

OSHA Hazard Communication Rule, 29 CFR 1910.1200: This product is not classified a hazardous chemical. Toxic Substance Control Act:

This product is not subject to any legal reporting requirements under this act.

Emergency Planning and Community Right-To-Know Acts:

This product is not considered as hazardous or toxic under Federal SARA, Title III or California Prop 65 definitions. **CERCLA/Superfund**, **40 CFR 117, 302**: This product contains no Reportable Quantity (RQ) substances.

SECTION 16. OTHER INFORMATION

Legend:

 Identification:
 SDS-D62.00

 Issue Date:
 6/1/15

 Indication of charges:
 Most recent revisions are noted by the bold, double bars in the left-hand margin throughout the document.

 Other Information:
 This document has been prepared in accordance with the SDS requirements of the OSHA Hazard Communication Standard 29 CFR 1910.1200.

	<u>Health</u>	<u>Fire</u>	Reactivity	Personal Protection
