Product-type: Components Mixed silicates Epoxy / Phenolic Resins This product is a mixture. <u>CAS Numbers</u> 1344-95-2 Trade Secret

<u>Percent</u> 50-60% 30-40%

These are typical compositions and may vary among products. A certificate of analysis is available.

# SECTION 4. FIRST AID MEASURES

General Information	tion: Change contaminated clothing.
Inhalation:	Remove victim to fresh air. If breathing is difficult, give oxygen. If not breathing, administer artificial respiration. Get medical attention.
Eye Contact:	Flush with running water for at least 15 minutes. Do not scrub. Get medical attention if irritation persists.
Skin Contact:	Wipe excess material from skin and wash with soap and water. Get medical attention if irritation persists. Wash clothing before reuse. Get medical attention if irritation occurs.
Ingestion:	If swallowed, dilute with large amounts of water or milk. DO NOT INDUCE VOMITING. Consult physician if unusual reaction is noted. Never give fluids or induce vomiting if the victim is unconscious or having convulsions.
Indication of any	immediate medical attention and special treatment needed. Treat symptomatically

Indication of any immediate medical attention and special treatment needed: Treat symptomatically.

## SECTION 5. FIREFIGHTING MEASURES

Extinguishing Media:	Dry Chemical, Water Spray (Fog), Foam, Carbon Dioxide
Special Fire Fighting Procedures:	Some component materials may thermally decompose or burn emitting toxic fumes and smoke including carbon dioxide and carbon monoxide. Fire fighters should wear full protective gear including eye protection and self-contained breathing apparatus (SCBA). Do not release runoff from fire control methods to sewers or waterways.
Flash Point ( <sup>0</sup> F) and Method:	, N.А.
Flammable Limits in air (volume %):	Lower (LEL): N/A Upper (UEL ): N/A
Autoignition Temperature, <sup>0</sup> F:	N.A.
Unusual Fire and Explosion Hazards:	None.

# SECTION 6. ACCIDENTAL RELEASE MEASURES

#### Personal precautions, protective equipment and emergency procedures:

	Use with local exhaust to control dust formations
	Ensure adequate ventilation
	Wear personal protective equipment (see section 8) when responding to spills.
Environmental Precautions:	Do not discharge into the drains/surface waters/groundwater.
Spills / Leaks:	Sweep or vacuum spills into appropriate containers for disposal. This material is not
	regulated under RCRA or CERLA ("Superfund")
Regulatory Requirements:	Follow applicable OSHA (29 CFR 1910.120), state or local regulations.

#### SECTION 7. HANDLING AND STORAGE

Precautions for s	afe handling	Provide appropriate exhaust ventilation at places where dust can be generated. Wear an approved dust respirator and eye protection (goggles, safety glasses). Handle in accordance with good industrial hygiene and safety procedures. Wash hands and other exposed areas with mild soap and water before eating, drinking, or smoking and again when leaving work.
Conditions for sa	f <u>e storage</u>	Store in closed, properly labeled containers in a dry location at 7°C/ 45° F or below. Do not freeze. Do not transfer to unmarked containers.
Shelf life:	Use within 6 mc	onths.
Labeling	D.O.T.: No sp	ecial labels are required.

# SECTION 8. EXPOSURE CONTROLS/ PERSONAL PROTECTION

Control Parameters	
Chemical Names	Exposure Limits in Air
	ACGIH TLV TWA OSHA PEL
Mixed silicates	N/E 10 mg/m3 respirable
Epoxy / Phenolic Resins	N/E N/E
Exposure Controls:	
Appropriate engineering co	ontrols: Ensure all national/local regulations are observed. General and/or local exhaust
Appropriate engineering to	ventilation to control airborne dust levels below exposure limits.
<b>Biological Exposure Limit</b> :	N/A
Personal Protective Equipment:	
Respirators:	Recommended that users wear NIOSH/MHSA approved disposable respirators designed for
Eye Protection:	nuisance-type dusts in accordance with the OSHA respirator regulation 29CFR 1910.134. Wear appropriate protective glasses or chemical safety goggles as described by OSHA's eye and face protection regulations 29 DFR 1910.133. Have eyewash facilities readily available.
Skin Protection:	Wear appropriate protective gloves to prevent skin exposure. Wash with mild soap and water after handling.
Clothing:	Wear appropriate protective clothing to prevent skin exposure. Wash clothing after use.
Chronic overexposure effect	ts: There are no known chronic effects associated with this material.
Work practices:	Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet facilities. Promptly remove soiled clothing and wash thoroughly before reuse. Shower after work using plenty of soap and water.
Potential Health Effects	
Primary Routes of Entry:	Inhalation, ingestion, skin and eye contact
Acute Inhalation:	Dust can cause temporary upper respiratory (nose / throat) irritation and sensitization.
Chronic Inhalation:	Repeated or prolonged dust inhalation can cause lung involvement such as pneumoconiosis or silicosis.
Acute Skin Contact and Sen	sitization: Temporary redness, skin irritation and itching through mechanical abrasion.
Chronic Skin Contact:	Not known, none observed to date.
Skin Absorption:	Occasional temporary redness, skin irritation and itching.
Acute Ingestion:	Contact physician if unusual reaction is noted.
Chronic Ingestion:	None known.
Acute Eye Contact:	Temporary eye redness and irritation.
Chronic Eye Contact:	Not known, none observed to date.
Medical Conditions Which I	May Be Aggravated: Pre-existing conditions which may be aggravated by mechanical irritants upon inhalation or skin contact.
Carcinogenicity:	This product is considered as carcinogenic by OSHA, IARC, NTP or ACGIH.

## SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

#### Information on basic physical and chemical properties

Physical Form:	Solid granules	
Appearance:	Granular	С
		C
<u>Property</u>	Values	R
pH-Value:	Not determined	
Boiling Point:	Not applicable	
Change in condition		
Melting point:	Not applicable	
Boiling point:	Not applicable	
Specific Gravity @15 <sup>o</sup> C (59 <sup>o</sup> l	F) 1.00 (water = 1.00)	
Decomposition Temperatur	<b>e:</b> >300°C/572°F	
Flash Point:	None	
Auto-ignition Temperature:	No information available	
Explosive Properties:	N/A	
Water Solubility:	Insoluble in water.	

Odor: Faint phenolic odor Odor threshold: Not determined

Remarks \*Method

# SECTION 10. STABILITY AND REACTIVITY

Stability:	Stable under recommended storage conditions.
Reactivity:	Not reactive under normal conditions.
Corrosive properties:	Not corrosive
Reactivity with water:	Not reactive with water.
Conditions to avoid:	Open Fire, and strong oxidizing agents such as chlorates, bromates and nitrates.
Hazardous polymerization:	Will not occur.

#### SECTION 11. TOXICOLOGICAL INFORMATION

Inhalation:	Nuisance dust. May cause irritation through mechanical irritation.
Eye Contact:	Nuisance dust. May cause irritation through mechanical irritation.
Skin Contact:	Nuisance dust. May cause irritation through mechanical irritation.
Ingestion:	No Data Available
Acute Toxicology:	No Data Available.
Chronic (Long-term) Effects	: No Data Available.
Carcinogenicity:	This product is considered as carcinogenic by OSHA, IARC, NTP or ACGIH.

#### SECTION 12. ECOLOGICAL INFORMATION

Toxicity:	No Data Available
Mobility in soil:	No Data Available
Biodegradabiltiy:	Not biodegradable
Other information:	Avoid release to the environment

#### SECTION 13. DISPOSAL CONSIDERATIONS

This product is not considered hazardous as defined by CERCLA/RCRA (40 CFR Part 261). Material is not recyclable. Dispose of in compliance with Federal, State and local regulations.

#### SECTION 14. TRANSPORT INFORMATION

UN – number:	Not applicable
UN proper shipping name:	Not applicable
Transport hazard class(es):	Not classified as dangerous goods under Department of Transportation regulations:
	(49 CFR 172.101) for road, rail, sea or air transport.
National Motor Freight Class	sification (NMFC): 156200, Class 60
D.O.T. Regulation:	Not regulated.
Export Schedule B Number:	3907.30.000 Resins Polyester, Unsaturated, Including Allyl Resins

#### **SECTION 15. REGULATORY INFORMATION**

OSHA Hazard Communication Rule, 29 CFR 1910.1200: This product is not classified a hazardous chemical. Toxic Substance Control Act:

This product is not subject to any legal reporting requirements under this act.

#### Emergency Planning and Community Right-To-Know Acts:

This product is not considered as hazardous or toxic under Federal SARA, Title III or California Prop 65 definitions. CERCLA/Superfund, 40 CFR 117, 302: This product contains no Reportable Quantity (RQ) substances.

#### **SECTION 16. OTHER INFORMATION**

#### Legend:

 Identification:
 SDS-5000-BLK

 Issue Date:
 6/1/15

 Indication of changes:
 Most recent revisions are noted by the bold, double bars in the left-hand margin throughout the document.

#### **Other Information:**

This document has been prepared in accordance with the SDS requirements of the OSHA Hazard Communication Standard 29 CFR 1910.1200.

	<u>Health</u>	<u>Fire</u>	<b>Reactivity</b>	Personal Protection
NFPA Rating:	1	1	0	
HMIS Rating:	1	1	0	E
Degree of Hazard				
0-Minimal	1-Slight	2-Moderate	3-Serious (High)	4-Severe (Extreme) *Chronic

PPE Codes (NPCA-HMIS):

A – Glasses	G – Gloves
B – Glasses, Gloves	H – Goggles, Gloves, Apron, Vapor Respirator
C – Glasses, Gloves, Apron	I – Glasses, Gloves, Dust/Vapor Respirator
